

Thai Cuisine

“Pad” means stir-fry & “Med Mamuang” means cashews in Thai. We craft each dish with real Thai ingredients like curry paste, coconut cream, rice noodles, tamarind, and fish sauce to keep the flavours as authentic (and tasty) as possible.

A Note of Thanks

In December 2025, Sun Prince marked its 8th year under our management. But its story reaches much further back — old menus trace Sun Prince to 1988, making it a true Fredericton classic that has served this community for nearly 4 decades. Being part of that long history is something we are deeply proud of.

When we stepped into the kitchen in December 2018, neither of us came from a culinary or business background. We were engineers by training, learning everything — from cooking to running a restaurant — as we went.

With a tiny kitchen, limited storage, and a small dining area, every day has brought its own challenges. Outside the kitchen, we were also figuring out payroll, bookkeeping, and all the unseen work that comes with running a small restaurant. Over time, we’ve grown to serve far more meals than we ever imagined in our first year.

Sun Prince has lived through many eras, each bringing change. We’re grateful to everyone who has shared a meal with us, past and present, and we continue doing our very best every single day.
